SUMMARY

- Data Scientist at Meta
- Master's Student in Data Science at Duke University. (GPA 4.0)
- Bachelor's in Industrial Engineering (5.5 years with thesis).
- Ranked 1st in undergraduate degree on admission exam, and upon graduation GPA.
- Skills: Python, SQL, C, Data Science, Machine Learning, Deep Learning, Causal Inference.

PROFESSIONAL EXPERIENCE

META

- 2025 - 2026 **Data Scientist**
XR Tech DS team, Meta Reality Labs
Analytical support for the Cloud team within Reality Labs, focused on Virtual Reality products.
Designed and implemented A/B tests to optimize software version performance.
Defined and monitored key metrics to evaluate Cloud Platform performance.
Analyzed the impact of cloud rendering performance on user engagement.
- 2024 **Data Scientist Intern**
XR Tech DS team, Meta Reality Labs
Analyzed Meta Quest 3 telemetry data to evaluate the value Mixed Reality delivers to end users.
Identified and prioritized key Mixed Reality (MR) features for internal and third party developers.

FALABELLA FINANCIERO

- 2022 - 2023 **Data Scientist Manager and Product Owner**
Manage a team of 4 Data Analysts and Data Scientists.
Supervise the development of prediction models for customer lifecycle.
Manage and prioritize projects developed by our team.
- 2020 - 2022 **Data Scientist**
Data analysis to understand customer behavior, with an emphasis on financial decision-making.
Automated processes to serve and analyze campaigns for targeted marketing.

FALABELLA RETAIL S.A.

- 2020 **Corporate Growth Manager**
Support digital media and online traffic in four countries.
Managed data pipelines to automate the generation of customer traffic reports.

CENCOSUD S.A.

- 2018 - 2019 **Data Analyst of Digital Media for www.paris.cl**
Coordinate, optimize and evaluate campaigns and promotions via targeted email marketing.
Responsible for allocating a marketing budget across different campaigns in a data-driven fashion.

EDUCATION

DUKE UNIVERSITY

2023 - 2025 **M.S. Data Science (GPA 4.0)**

Relevant Courses: Deep Learning, Machine Learning, NLP, Data Engineering, Causal Inference, Practical Data Science, Modeling and representation of data, Linear Algebra, Data Visualization.

UNIVERSIDAD DEL DESARROLLO

CORFO TALENT SCHOLARSHIP

2020 - 2021 **Data Science Certification** (7 months part time)

Relevant Courses: Deep Learning, Supervised Learning, Unsupervised Learning, Exploratory Analysis and Statistics, Statistical Inference, Big Data, Python Fundamentals

UNIVERSIDAD DE CHILE

SCHOOL OF BUSINESS AND ECONOMICS

2017 - 2018 **Masters in Marketing**

UNIVERSIDAD TÉCNICA FEDERICO SANTA MARÍA

MAIN CAMPUS OF VALPARAISO

2011 – 2016 **Industrial Engineering** (1st place among more than 100 students upon graduation)

CERTIFICATES

Neural Networks and Deep Learning (Coursera), BigQuery (Coursera), SQL (DataCamp, 5 courses), Python Programming Track (Data Camp, 4 courses), Shell (DataCamp), R (DataCamp), Google Analytics Certification.

OTHER SKILLS/TOOLS

Machine Learning, NLP, Python, Pandas, NumPy, TensorFlow, PyTorch, Matplotlib, Seaborn, Sklearn, Jupyter Notebook, SQL, Bigquery, PostgreSQL, R, Data Visualization, Tableau, Git, Github, Google Analytics, CRM, A/B Testing, Causal Inference.

AWARDS

2023 *"Chile ANID Scholarship"* award Master's scholarships abroad.

2019 *"Effort is Progress"* award by Universidad Técnica Federico Santa María.
Granted every three years to the Industrial Engineering student with the highest grades.

2017 *"Ismael Valdés Valdés"* award, granted by the Institute of Engineers of Chile, for showcasing an
"ability to organize and lead", "ethical aptitude" and "technical preparation".

2017 Award for the best graduate in engineering, College of Engineers of Chile, Graduating Class of 2016.

2017 First place in South America in a brand innovation competition organized by L'Oreal (team of 3). Invited to the world final in Paris.

2016 Award "Federico Santa María" to the best graduate in Industrial Engineering.

2011 - 2016 Honors List, Universidad Técnica Federico Santa María, years 2011 to 2016.

2011 Ranked 1st among upon admission to the school of Industrial Engineering (based on admission exam).
